### OVERSIGHT SUBCOMMITTEE

THE COMMITTEE ON LEGISLATIVE RESEARCH, Oversight Division, is the audit agency of the Missouri General Assembly as established in Chapter 23 of the Revised Statutes of Missouri. The programs and activities of the State of Missouri cost approximately \$13 billion annually. Each year the General Assembly enacts laws which add to, delete or change these programs. To meet the demands for more responsive and cost effective state government, legislators need to receive information regarding the status of the programs which they have created and the expenditure of funds which they have authorized. The audit work of the Oversight Division provides the General Assembly with a means to evaluate state agencies and state programs.

THE OVERSIGHT DIVISION conducts its audits in accordance with government auditing standards set forth by the U.S. General Accounting Office. These standards pertain to auditors' professional qualifications, the quality of audit effort and the characteristics of professional and useful audit reports.

THE COMMITTEE ON LEGISLATIVE RESEARCH is a permanent joint committee of the Missouri General Assembly comprised of the chairman of the Senate Appropriations Committee and nine other members of the Senate and the chairman of the House Budget Committee and nine other members of the House of Representatives. The Senate members are appointed by the President Pro Tem of the Senate and the House members are appointed by the Speaker of the House of Representatives. No more than six members from the House and six members from the Senate may be of the same political party.

AUDITS ARE ASSIGNED to the Oversight Division pursuant to a duly adopted concurrent resolution of the General Assembly or pursuant to a resolution adopted by the Committee on Legislative Research. Legislators or committees may make their requests for program or management audits through the Chairman of the Committee on Legislative Research or any other member of the Committee.

**COMMITTEE ON LEGISLATIVE RESEARCH**

STATE CAPITOL

JEFFERSON CITY, MISSOURI 65101-6806

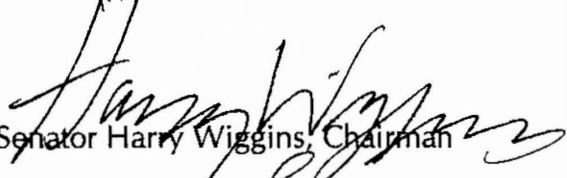

February, 1997

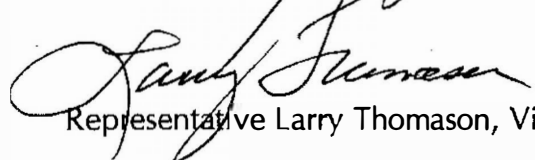

Members of the General Assembly:

As authorized by Chapter 23, RSMo, the Committee on Legislative Research voted in May, 1996 to direct the Oversight Division to perform a study of professional licensing fees and expenses for all licensing boards falling under the administrative support of the Department of Economic Development, Division of Professional Registration.

The accompanying report is a compilation of information from the various licensing boards. It is not an audit and does not contain findings or recommendations. We hope this advisory report is helpful and can be used in a constructive manner for the betterment of the state programs to which it relates.

Sincerely,

  
Senator Harry Wiggins, Chairman

  
Representative Larry Thomason, Vice Chairman

## EXECUTIVE SUMMARY

The Division of Professional Registration within the Department of Economic Development is responsible for licensing some 250,000 professionals in the State of Missouri. The Division also provides staff services to all thirty licensing boards and exercises authority over accounting and budgetary functions, as well as financial management and clerical duties relating to the issuance and renewal of licenses and certificates.

In May, 1996, the Committee on Legislative Research directed the Oversight Division to compile information on the various licensing boards related to their financial status and regulatory activities. The source information for this report was obtained from the Division of Professional Registration. Comparative graphs and charts were prepared by Oversight for informational purposes. The following data for each board is also contained in the report:

- A brief summary of the board and its functions
- A statement of revenues, expenditures and fund balance (unaudited)
- A chart detailing licenses issued, rejected applications & revocations
- A chart detailing complaints received and disposition

In determining the appropriate fee levels to charge to licensees, it is important to examine the annual expenses for each board and the accumulated fund balance. We believe this report may be useful in this regard. Please note that all statements presented are unaudited. We did not examine departmental financial statements and do not express an opinion on them.

Director, Oversight Division

### **Board for Certification of Interpreters**

In 1994, Senate Bill 568 established the Board for Certification of Interpreters within the Missouri Commission for the Deaf. The Board, comprised of five members, the Commission executive director or designee and a non-voting member, will be appointed by the governor with the advice and consent of the Senate from a list of recommendations made by the Commission. The executive director will hire a coordinator for the Board's certification system. Fees would be deposited into the Missouri Commission for the Deaf Board of Certification of Interpreters Fund.

The responsibilities of the Board include: prescribing qualifications for certification levels; issuing certificates; developing a fee scale; maintaining the quality of interpreting services; developing interpreter guidelines; developing ethical rules; developing application fees and evaluation procedures; compiling a statewide registry of interpreters; developing a conversion system for accepting other certification systems; developing professional activities to maintain certification; investigating and implementing testing models; developing evaluation teams when necessary; and establishing grievance procedures.

Certification procedures have not been written, and as of June 30, 1996, no fees have been deposited in the established fund.

Chapter 209, RSMo, governs the Board for Certification of Interpreters.

### **State Committee of Marital and Family Therapists**

The State Committee of Marital and Family Therapists, created in 1995, consists of four family and marital therapists and two voting public members, all of whom are appointed by the governor with the advice and consent of the Senate. The Division of Professional Registration would be responsible for setting the amount of the fees authorized, but the fees would not substantially exceed the cost and expense of administering the provisions of sections 337.700 to 337.739. The fees would be deposited into the Marital and Family Therapists Fund.

Prior to FY96, the Committee was non-existent. To date, the Committee has been appointed, but no revenues have been collected and the Division of Professional Registration is in the process of establishing rules, policies, and procedures related to marital and family therapists.

Chapter 337, RSMo, governs the State Committee of Marital and Family Therapists.
